

The four-door welcome plan

For a host bringing one new person into a gathering. Pick a setting and write down **roles, locations and verified facts**, never a guest's private details. Ask permission before introductions and preserve an easy exit.

01 · Friends' outing Confirm guest permission and exact meeting point. Regular provides route and shared-activity context. If the group moves, send a current safe check-in point.	02 · Home gathering Host gives entry, coat/quiet-area information and an optional activity. No public biography, touch or photography assumed. Host is backup when greeter is absent.
03 · Activity-led club Greeter explains what is happening now; activity leader confirms whether late joining is allowed. If safety/equipment requirements are unclear, pause participation.	04 · Organized event Use published check-in and actual venue/access contacts. Do not promise unverified accommodation or have a buddy substitute for event support staff.

Before / arrival / exit handoff

Context chosen: _____ Actual meeting point: _____

Greeter role: _____ Context-giver role: _____

Backup contact role: _____ Verified venue guidance: _____

Introduction permission: Ask privately / no spotlight / observe first

What happens if late or greeter absent? _____

Guest may observe or leave without explanation? Yes / adjust plan
